When you search for Chinese information, you realize that Baidu is better than Google, and when you search for English information, it is just the opposite. So, you and Meiyu Wang often use video chat to discuss the uses of similar applications and programs that are alike in Chinese and English. You guys also often discuss interesting everyday life occurrences.

(Extension) Interpersonal Writing Task:

You're interested in online shopping in China. Use we chat to communicate with your peers pretending you are the online shopping seller or the buyer. Teachers need to get permission from parents to use we chat in this activity.

Presentational Writing Task:

Presentational Speaking Task

Finally, you decide to travel to China during summer break and consequently come up with a plan to travel to Beijing by car. You first booked a flight ticket and hotel room online and then used Baidu and Google Maps to determine a specific travel route.
